

## TimeCamp Reseller Program Guidelines

The following TimeCamp Reseller Program Guidelines (the "Program Guidelines") detail how partners are eligible to participate in the TimeCamp Reseller Program. The Program Guidelines terms are in addition to, and incorporated into, the terms of the Reseller Agreement (the "Agreement") entered into between the parties. In the event that any term of these Program Guidelines conflicts with any term of the Agreement, including any addenda thereto, the terms of the Program Guidelines will control to the extent of such conflict unless expressly stated otherwise

### Evaluation period

TimeCamp will evaluate Reseller involvement Program participants every three months to ensure they continue to meet the requirements for their specific level (tier) in the Program. If TimeCamp determines that a partner does not meet the requirements for their level, TimeCamp may transition that partner out of the specific tier, or out of the Program entirely. In the latter case, all Program Benefits will immediately cease.
